### HOOVER OUTLINES NEW POLICIES FOR MERCHANT MARINE

Government Must Get Out  
Of Shipping Business  
Quickly, He Says.

### SECRETARY RAPS SHIPPING BOARD

Declares Opportunity Must  
Be Given To Private  
Enterprise.

Washington, Nov. 16.—Rapping the United States shipping board for its refusal to "go along" with President Coolidge, Secretary of Commerce Hoover today made public what is regarded as the administration's merchant marine policy.

Hoover declared that the government must get out of the shipping business as quickly as private operations can be established.

To build up ocean lanes of commercial transportation, that the merchant marine may be transferred profitably to private corporations, Hoover proposed a drastic change in the government's shipping policies.

In a letter to Rep. White (R) of Maine, read to the shipping conference of the United States Chamber of Commerce, Hoover made the following recommendations:

(1)—Transfer of government commercial vessels to the emergency fleet corporation, the president of which should be named by the president of the United States, to whom he would be solely responsible.

(2)—Creation of an advisory board to the fleet corporation consisting of the secretaries of the treasury, war, navy, commerce, the postmaster general, chairman of the shipping board and president of the emergency fleet corporation.

(3)—Confere on the president the authority to create subsidiary corporations for special shipping lines, and to offer stock in them to private operators or communities.

(4)—Create the office of under secretary of merchant marine in the department of commerce.

"We will never have a satisfactory merchant marine until it is owned and maintained by private enterprise," Hoover declared.

"The government cannot operate cheaply. It cannot secure revenues as large as private enterprise. It cannot avoid the interminable difficulties of wastes of bureaucracy and above all, the direct and indirect political pressures."

"Government operation and competition with private enterprise, with the treasury as a research fund, dull private initiative."

### STEPHENSON WILL DEMAND NEW TRIAL

Former Klan Dragon Faces  
Life Imprisonment For  
Murder Of Girl.

Noblesville, Ind., Nov. 15.—His composure somewhat recovered today from the shock of the verdict convicting him of the murder of Madge Oberholtzer, D. C. Stephenson, former dragon of the Ku Klux Klan, prepared from his cell today to open his fight for a new trial.

It was expected that Eph Egan, his chief counsel, would file a motion for a new trial during the day and ask Judge William Sparks to admit evidence to bail on the second degree murder conviction pending further court action.

In the event a new trial is denied, Egan is prepared to appeal to the supreme court.

No date has yet been set for pronouncing sentence on Stephenson but Judge Sparks expected today to return to Noblesville early in the week to meet out the punishment provided by the law for second degree murder—life imprisonment.

### GEORGE HOWER, 92, DIES HERE SUNDAY

George Adam Hower, 92, died at the home of his daughter, Mrs. A. I. Murphy, Walnut st., about 1 p. m. Sunday.

Mr. Hower was born in North Canton, Dec. 30, 1833. In 1858 he was united in marriage with Elizabeth Smith who died in 1899.

Surviving are a sister, Mrs. Recae Gilder, North Canton; a daughter, Rema Murphy, at whose home he died; and five sons, Homer, Alliance, George W., Massillon; Solomon and Charles, San Francisco and Robert, Los Angeles.

Funeral service will be held at the Lutheran church in North Canton at 2 p. m. Wednesday, with burial in Zion cemetery. Friends may view the body at the home of Mrs. Murphy, 20 Walnut st., Tuesday evening.

### Woman Drops Dead After Final Word Of Fervent Prayer

Nilwood, Ill., Nov. 16.—Apoplexy was blamed by physicians today for the queer death of Mrs. J. J. Cain, 62, who collapsed in the Baptist church here Sunday as she uttered the last word of an exceptionally fervent prayer.

Mrs. Cain alone, of all the congregation, responded when the pastor asked a volunteer to pray for those in the community "who had neglected Christ."

A constant church worker, Mrs. Cain arose, bringing the entire meeting to its feet. She prayed with great enthusiasm and as she said "amen" and smiled, she fell forward dead.

### RETURN TO GERMAN EMPIRE IS DEMAND OF NATIONALISTS

Anti-Locarno Resolutions  
Passed During Wild  
Demonstration.

Berlin, Nov. 16.—The Nationalist party in convention today passed a resolution declaring against the Locarno security pacts as "a grave menace to Germany's freedom."

The resolution was passed unanimously and pledges the party to fight against ratification of the Locarno pacts.

The Nationalist convention also passed resolutions declaring that the allied concessions in relaxing their hold upon the Rhineland are insufficient. The question of war guilt was also brought up and the convention demands a revocation of the charges against Germany as responsible for the war.

The anti-Locarno resolutions were passed amidst the wildest enthusiasm, which developed into a demonstration in favor of return of the monarchy.

When Count Westarp, making a bitter attack against the treaties, proposed the return of the Hohenzollerns the convention went wild with enthusiasm.

"One people, one Reich and one kaiser" was urged by a Bavarian speaker.

The leader of the German Nationalist youths hailed the day when Germany will be once again united and powerful "under a German emperor."

### COUNTY LEGION TO NAME PLACE FOR WAR TROPHY

Location of the 150 millimeter German howitzer, which has been awarded Columbiana county as a World war memorial probably will be determined at a meeting of the Columbiana county council of the American Legion, which will be held in East Liverpool Monday evening.

Acceptance of the trophy, a part of the captured equipment which has been awarded to Ohio, must be filed with the adjutant general's office at Columbus not later than Nov. 24, or it shall be declared forfeited.

Indications today were that here would be a least three contenders for the big gun—East Liverpool, Salem and Lisbon. Should the county council, which is made up of three representatives from each Legion post in the county, be unable to agree as to the location of the trophy the question will be submitted to state committee for final decision.

### Three Weeks Bride Shot; Blames Self

New York, Nov. 16.—A bride of three weeks, Mrs. Marie Prisco, who had eloped with George Prisco, a Fordham university graduate and the son of Raffaele Prisco, prominent New York banker, was in a serious condition in a Brooklyn hospital today from a bullet wound which she said, was self-inflicted.

She shot herself, accidently, she told police, in their room in the St. George hotel, Brooklyn, where they had been spending their honeymoon. "It was my own fault," she said. "I didn't mean to shoot myself—it was an accident."

Police, for some reason, had thrown a cloak of secrecy about the shooting.

### Untold Wealth Has Been Found In Coffin Of King Tut

Cairo, Nov. 16.—Untold wealth has been found in the coffin of King Tutankhamen.

An official communique announces that gems and jewelry of great value have been found in the coffin of the boy king, and the coffin itself is of pure gold.

No attempt has been made to estimate the actual value of the treasures, but it is said they will run into many thousands of dollars, and this quite apart from their historical value.

Bit by bit the ancient wrappings of Tutankhamen are being

### TWELFTH WEEK OF COAL STRIKE SEES NO POLICY CHANGE

New And Significant Policy  
Is Experiment Which  
May Get Results.

### SHORTAGE PANIC MAY BE AVERTED

Monotonous Succession Of  
Annual Coal Strike  
May Be Halted.

Washington, Nov. 16.—The twelfth week of the hard coal strike began today with no indications of any weakening in the government's policy of keeping hands off, and permitting the operators and miners to go to a finish fight.

President Coolidge is pursuing in this strike a new, and perhaps a significant, federal policy toward a major industrial tie-up. It is a policy of not pampering abductee operators and recalcitrant miners in a coal dispute.

That it is largely an experiment is generally admitted. But if it is successful it may herald the dawn of a new era in the government's relations to the coal industry. If successful it may conceivably have an important effect in diminishing the monotonous succession of coal strikes that have been visited upon the country for the last quarter of a century and which have taken untold millions of dollars from the pockets of the consuming public.

The annual skit has been for the miners to demand more wages, for the operators to refuse, and for the public to get panicky, and then for the government to intervene and bring about a settlement—usually at the price of higher coal.

With the bituminous mines working full blast, and thus forestalling anything approaching a national fuel crisis, President Coolidge and his advisers this year determined to let the operators instead of the miners take the lead.

The thing went according to schedule in August and September—there was the failure to agree, the strike and the panicky demand for the government to "do something."

Mr. Coolidge's principal advisers—Secretary of Commerce Hoover and John Hays Hammond, head of the last presidential coal commission—advised him to do nothing. They reported that there was enough anthracite on hand in storage to run the country for a good many weeks, that bituminous could be used instead of anthracite, and that there were

### VIOLENT STORMS HIT NEW ENGLAND

Chimneys Topple, Trees  
Blown Down, Railroad  
Tracks Washed Out.

Boston, Nov. 16.—Meteors racing through space and violent earth shocks which startled several sections of New England were followed early today by a violent windstorm and torrential rain.

Topped chimneys and flagpoles, overturned trees, broken windows, railroad washouts and flooded streets were reported all the way from Maine to Connecticut.

Hartford, Conn., Nov. 16.—High winds with heavy rains early today caused electric light service in the Connecticut River valley to falter momentarily and caused rumors of an earthquake in the region. Inter-connected electric light and power plants felt the storm over an area 40 miles long and 20 miles wide but no damage was done.

### Ship In Distress

New York, Nov. 16.—An S. O. S. call off the Virginia Capes, was picked up here today.

"Come quick, we are drifting in shoal water," read the message.

removed, and each bit removed discloses some new treasure to the eye of the explorers. It is expected that about the upper part of the body priceless necklaces will be found.

All of these treasures will be placed in the Cairo museum.

Although it is officially stated that no documents have been found in the coffin, it is reported that there has been found an ancient record of the death of Tutankhamen, giving valuable information concerning the times in which he lived.

### Special Train, In Race With Death, Is Given Clear Track

Pittsburg, Nov. 16.—Over the main line of the Pennsylvania railroad today one of the strangest races with death on record was being run by a special train bearing E. L. Wagner, wealthy St. Louis oil man, to the bedside of his dying sister in New York.

The tracks were cleared for the special train as it thundered through Pittsburg at 4:46 a. m. Orders were to side track all regular trains to make way for Wagner's train.

It is costing the oil magnate \$5,800 for the train and he is reported to have \$5,900 more ready for the train crew if they reach New York in time for him to see his sister alive.

### KIP ILL AT EASE AS LETTERS FROM BRIDE ARE READ

Colored Bride Also Hangs  
Her Head As Rhineland-  
er Trial Proceeds.

White Plains, N. Y., Nov. 16.—Haggard and drawn looking, Leonard Kip Rhineland, scion of one of the oldest and proudest families in the country, resumed the witness stand today in his suit to have his marriage to Alice Beatrice Jones, daughter of a New Orleans negro cabman, annulled.

The young aristocrat seemed ill at ease as one of the love letters he received from his colored bride were read into the record by his attorney, former Judge Isaac Mills. Neither did the bride apparently relish the proceedings as she hung her head. Her mother was beside her holding her hand.

The first letter read today reproached Leonard for staying away so long and declared there was no need of his being under the control of his father.

"Leonard, a young girl can't stay in every night," the letter said.

Then she told of meeting a "lively gang" which was anxious to take her out and Alice said:

"And I am going Leonard."

She repeated her love for him and declared she did not wish to throw him down.

### GALE POUNDS FOUR BARGES TO PIECES

Buffalo, N. Y., Nov. 16.—Three of four barges owned by the Hedge Transportation company of New York being towed light from Cleveland by the tug Barrington of New York, were pounded to pieces on the breakwall here by an 80 mile gale during the night and four unidentified persons three men and a woman, are reported to have perished.

### MERGER OF FILM PRODUCERS WILL RIVAL LASKY CO.

Los Angeles, Nov. 16.—Details of the gigantic merger of United Artists and Metro-Goldwyn-Mayer film producing concerns were being formulated today, following a meeting of the officials of the two companies here yesterday.

Present negotiations are confined to the film exchanges controlled by the two organizations and when completed the merger is expected to provide a rival to the Lasky-Zukor merger and the chain of mid-west theaters controlled by Balaban & Katz.

Production facilities and theaters controlled by United Artists and Metro-Goldwyn-Mayer were not expected to be included in the merger as it will be finally completed.

### Ohio Legion Posts Contest With Iowa

Columbus, Nov. 16.—American Legion posts throughout Ohio today are co-operating with Hugh K. Martin, commander of the department of Ohio, in a membership drive contest with the American Legion of Iowa.

On behalf of Ohio legionnaires, Commander Martin accepted a challenge from the American Legion of Iowa. The contest ends on New Year's day.

### Civil War In Peking Halted Temporarily

London, Nov. 16.—Civil war in the vicinity of Peking has been ended for the time being, according to advice to the foreign office today. Disagreements said that Gen. Feng and Marshal Chang Tso Lin have reached an agreement which will terminate the possibilities of war for the present.

### Milk At 18 Cents

Charleston, W. Va., Nov. 16.—A two-cent increase in the retail price of pasteurized milk went into effect today. The new price is 18 cents a quart, of 19 cents a pint.

### EDUCATION WEEK IN SALEM SCHOOLS

Interesting Programs In All Schools This  
Week; Parents Urged To Attend.

Education Week will be observed in Salem public schools Tuesday, Wednesday, Thursday and Friday. Different dates being assigned to each school, Supt. John S. Alan announced Monday.

Interesting programs have been compiled by the principals and teachers of the schools and the public especially the parents of pupils, are urged to attend the exercises.

The first program will be given at McKinley school Tuesday afternoon. Parents are invited to visit the school that afternoon. This school will have its main program Wednesday night, starting at 7:30 p. m. There

### ROBBERY OF MAIL AT CANTON BARED

Nearly 1000 Letters Are  
Discovered In Culvert  
Near Orrville.

Canton, Nov. 16.—First intimation of a mail robbery in this city on or about Nov. 7 was had today when nearly 1,000 letters stolen from mail chate boxes of three large Canton office buildings were returned to Postmaster L. T. Cool by the postmaster of Orrville.

The letters were found in a culvert by a Wayne county farmer Saturday afternoon and turned over to the Orrville postmaster. The letters are water soaked and considerable difficulty is being experienced in determining names and addresses of senders.

There is no way of checking up the losses until the letters are all back in the hands of the writers and complaints made.

It is the first mail robbery in 25 years.

### Thanksgiving Day Proclamation Sent Forth By Governor

Columbus, Nov. 16.—Calling upon Ohioans to observe Thanksgiving day, Nov. 26, "appropriately in the homes" in places of divine worship and wherever they may happen to be," Gov. Denney's annual proclamation was made public today.

"While we thus return thanks let us resolve also to demonstrate our gratitude by trying to bring a ray of happiness into the lives of those borne down by sickness and misfortune, and to resolve to revere the laws of God and the laws of our state so that greater blessings may be ours, when another Thanksgiving day shall come."

### COLUMBUS HEADS LIST WITH 6 DEAD IN AUTO MISHAPS

Four Killed In Cincinnati  
With Several Injured In  
Many Cities.

### GRADE CROSSINGS TAKE HEAVY TOLL

Cleveland, Toledo, Akron In  
List Of Death Cities  
With Two Each.

At least 21 automobile deaths were

scored in Ohio during the week end, survey showed today.

Columbus headed the list with six dead, and nine hurt; Cincinnati was next with four deaths; Cleveland, Akron, Toledo and Akron each with two; Youngstown, Warren and Char-

Cleveland, Nov. 16.—Mrs. Mary Birch, Akron, died in St. Alexis hospital at 2:30 this morning of injuries received last night when a Pennsylvania River crashed into their coupe.

Her husband, Emil Birch, and their son, aged 6 years, received injuries which may prove fatal. The accident occurred at White House crossing—considered the most dangerous grade crossing in the state.

This morning, hospital attendants

said that the condition of both was serious.

Two other fatalities, and numerous injuries marked the week end traffic.

An unidentified man about 60 years of age was hit by a New York Central train at the Nottingham road crossing. His body lies in the county morgue.

Jack Hyland, 49, was run down and killed by a "hit and run" motorist in St. Clair ave. The driver later was caught and charged with manslaughter.

Two others were in hospitals with fractured skulls and near death as a result of car traffic accidents.

Carl Sheridan, 7, of Framingham, Mass., lost his right arm when he fell beneath the wheels of a Big Four train, which he was attempting to board. Another man, David Reese, was near death as a result of being struck by a Belt Line train at East 88th st.

### Four Are Killed

Columbus, Nov. 16.—Franklin county's toll of auto fatalities, for this year stands today at 81 lives lost.

Four of these deaths occurred at a grade crossing at Valley crossing four miles from here Sunday night. An automobile was hit by a Norfolk and Western railroad passenger train resulting in the death of William Barnhill, 25, Mrs. Margaret Barnhill, 21, both of Valley Crossing.

### Four Victims In Cincy

Cincinnati, Nov. 16.—Two dead, several dangerously injured and two dead from injuries received previously is the record here up by accident.

### LUTHERAN CHURCH BUILDING IS SOLD

Emanuel Property Is Sold  
To Colored M. E. Con-  
gregation.

The deal for the sale of the Emanuel Lutheran church building on South Landy st. to the colored Methodist Episcopal congregation has been consummated and the Lutherans will hold their last service in this church Sunday, Nov. 29.

Plans for this farewell service were made at a congregational meeting on Sunday evening.

This will be the first Sunday in advent and the Lord's supper will be administered in both languages.

Emanuel Lutherans have a large parish house on Broadway at Race st. and all the services will be held there.

The congregation is planning to build a new church at this location, but not before next spring.

### HUNDREDS GRAB GUNS AS RABBIT SEASON OPENS

Several hundred hunters from Salem and vicinity took to the woods at an early hour Monday in search of the elusive cotton-tail. Hunting season technically opened Sunday, but no hunting is allowed on Sunday.

Retch & Rugsy's have sold approximately 1,100 hunting licenses, with the rush still on and there are prospects of at least another hundred getting certificates today.

Hunters report rabbits in plenty in all sections.

### Hunter Falls Over Hundred Foot Cliff

Vermillion, O., Nov. 16.—Tripping over a fence, a hunter, believed to have been from Cleveland, toppled over a hundred foot cliff, and was killed here today. The I. O. O. F. guard recovered the body.

## Governmental Economy

CONGRESSMAN DAVEY of Ohio has a plan for reorganizing the executive departments at Washington in such a manner as to save the taxpayers \$500,000,000 a year and, as he says, to re-establish the American people's confidence in the efficiency and wisdom of their government and to make them happy. He has prepared a bill enabling the president, without let or hindrance, to remove all unnecessary and useless employees, officials, divisions, bureaus and commissions, the president to have these broad powers for two years, in the course of which time he would be expected, with the aid of an advisory board to be created, to effect a complete reorganization on a business basis.

Our present president probably would use such power to good advantage, for he is strong for economy, and there is little doubt that Mr. Davey's estimated annual saving of \$500,000,000 could be accomplished without disadvantage to the public. A good many years have passed since so competent a business executive as Senator Aldrich said that the government could cut its expenses \$300,000,000 a year and get as good or better service, and in the meantime bureaucracy has expanded itself tremendously.

But we do not suppose anyone who has read Congressman Davey's announcement has much hope that his plan will be put into effect or even seriously considered. Once established, a government job is about the hardest thing in the world to get rid of. Every employee can bring some influence to bear on a congressman and congressmen do love their patronage. Nothing is less likely than that congress will hand President Coolidge a sharp new ax with full authority to use it on the necks of all useless employees. About all we can really hope for is that congress, in response to a strong and growing public sentiment, will refrain from creating more unnecessary jobs by the wholesale at the instigation of well organized outside blocs, such as the one which is now working tooth and nail for the federalization of education.

## Business Improvement

JUDGE GARY and other leaders in the industrial field have been insisting for months that underlying conditions in the country were good and the movement of business toward greater activity and increased volume was under way, with more of prosperity directly ahead. Reports for the month of October support these statements, business failures in the country for that month being fewer than for any October since 1920, according to Bradstreet's reports. In comparison with the failures of October last year they were 11 per cent less in number and the money involved in the failures was 21 per cent less. That is an upward swing to the lines of business that may be viewed with entire satisfaction.

Probably the best feature of the Bradstreet figures was the fact that the improvement pictured was national, well distributed over the country, the only section where the improvement was not so plainly shown being in New England, where a transition in business has been influential. But the showing from that section pictured an improvement over a number of recent months. The improvement was distributed among practically all lines of business, the national picture being one of business and industrial health and activity. Even the coal strike had not brought stoppage of activity, but business had moved ahead despite that interruption in an important line of production. Business men and all others may read the October figures from Bradstreet with a feeling of pleasure.

## The Currency Problem

By FREDERIC J. HASKIN  
Washington, Nov. 16.—Since the recent announcement that a special committee has been appointed to investigate the advisability of making certain changes in the paper currency of the United States, many have been the suggestions offered by the public at large.

One of the greatest problems confronting the government along this line is that of keeping the public supplied with one dollar bills. These appear to be the most popular of all bills in circulation. It would appear that most persons would rather flaunt a large roll of one dollar bills than have a smaller roll of larger denominations. Of course this applies only to those who are fortunate enough to have roll of any kind.

The government has found that the one dollar bill is not wearing as well as they should and it is consequently put to the expense of constantly replacing them. This is attributed largely to the fact that they must be manufactured with such speed. Before the war it took three months to make a one dollar bill, whereas now a bill is turned out in three weeks. Also the bills must be put into circulation so soon after manufacture that they cannot be aged. Probably it is not generally realized that money, like cheese and unlawful beverages, improves with age.

The government has tried several plans to offset this growing demand for ones, but so far has met with no success. One solution offered was the use of silver dollars. The public was urged to replace some of their bills with silver. The idea did not

meet with favor, even in the south, where prior to the war silver was customary. The only place where the government had any luck with its suggestion was on the Pacific coast.

**Effect of Pittman Act.**  
The south got out of the habit of carrying silver dollars during the war, when, under the Pittman act, silver dollars were melted and sold by this government to Great Britain. This withdrew silver dollars from circulation and they were largely replaced by Federal Reserve notes. The people of the south became accustomed to these and realized how much more convenient they are to carry. Consequently when it was suggested that they return to their pre-war custom of carrying silver, they, to say the least, did not respond heartily.

Another suggestion was that instead of carrying large rolls of one dollar bills, people where it did not inconvenience them, carry bills of larger denomination. The two dollar bill was urged upon the public, but the public put "thumbs down" on this, bringing forth the old superstition about two dollar bills being unlucky.

There have been many suggestions as to where the superstition arose so closely resembles a one dollar bill so closely resembles a one dollar bill that it may be easily mistaken. Officials of the Department of the Treasury take issue with this, saying that the bill of the two denominations are totally unlike. They see no reason why the two dollar bill should be considered any more unlucky than a five dollar bill. They do, however, allow that perhaps people are more apt to be careless with a two dollar bill than they would be with a five dollar bill.

(Issue of Nov. 16, 1905)

Owing to the large number of orders received by the Deming Co., and the anticipation of an unusually busy winter season, the officials have leased part of the plant of the old lock works at the foot of Broadway, and will convert it into a large foundry.

Messrs. L. P. Metzger, Albert Hayes, R. D. Burns, and Dr. Lee Atkinson composed a party from here which went out hunting Wednesday morning.

## Questions And Answers

By FREDERIC J. HASKIN

Today we especially invite our women readers to make free use of our Washington Information Bureau. It is in a position to give service of great value. The next time some household problem comes up in your own home—some task that you think if you knew how, some annoyance with—sit down and write to the Information Bureau about it. Ants in the pantry, moths in the clothes closet, weather, care of babies, and kindreds of other questions relating to the home have been worked out and are at the disposal of women who care to send their questions to the bureau. Enclose two cents in stamps to cover the return postage. Address: The Salem News Information Bureau, Frederic J. Haskin, Washington, D. C.

Q. What 15-day period during the summer averages warmest in Washington? W. B. M.

A. The Weather Bureau says that the warmest 15-day period on the average is embraced between July 16 to 30 inclusive. During this time the average temperature is slightly more than 77 degrees.

Q. Has Mexico City an abnormal death rate? S. D. F.

A. Owing to the inadequate drainage and sewage systems and a soil permeated with the refuse of centuries, the city long had an annual death rate of 40 to every 1000 inhabitants, a larger proportion of mortality than in any other civilized city of the world. The conditions which promoted this high death rate have largely been remedied, and the city compares favorably with others in salubrity and in decreasing its death rate, though the unhygienic manner of life of the poorer classes swells the mortality. The city is naturally healthy and in its climatic conditions is a delightful place of residence.

Q. When was the K. of C. organized? J. H. B.

A. The Knights of Columbus are organized under special charter granted by the state of Connecticut, March 29, 1882.

Q. Where are the most valuable forests of the British Empire and are they more valuable than those of Germany? W. C.

A. The most valuable forests of the British Empire are in India. The

## Speed Contests That

## Are Not on Record

An exciting contest took place recently between a motorcyclist and an express train along the 500 miles between Sydney and Brisbane, Australia. The motorcyclist won, reaching his destination 30 minutes before the train. A kangaroo raced a train in Australia, keeping alongside the locomotive for three miles, according to T. H. Bits.

Perhaps the most grotesque railway races have been on occasions when members of the circus have had to race their own trains, after having steamed the train to proceed and then being unable to find any of the cars. One man has been known to "ride alone" and then found the train had gathered speed so quickly that he was unable to board it.

His absence was not discovered until the next station was reached.

After several minutes the guard was seen sprinting after the train. He lost the race by 11 minutes. An other guard passed his train but missed it on a motorcycle which he commandeered.

## STARK ELECTRIC CONTROL CHANGES

Eastern Capitalists Take Over Line; Improvements Planned.

Alliance, Nov. 16. Actual control of the Stark Electric railroad passed into the hands of eastern capitalists Saturday morning when the final payment was made on a block of stock sufficient in size to control the voting of the company.

Old officials of the company had turned in their resignations, and the executive offices, except one, are now held by eastern men.

N. T. Glidden of New York city heads the company as president. Howard Morris of New York is vice president. E. W. Sweeney, formerly of New York, but at present residing in Alliance is the new secretary and treasurer.

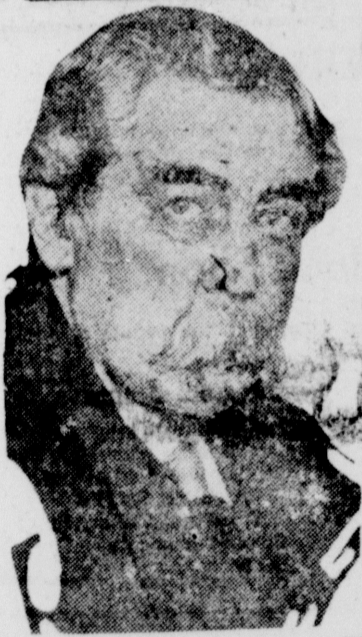

W. E. Davis, Alliance man, continues as general manager of the road.

The control in the company was purchased at slightly less than \$200,000. Twice that amount will be invested in the road to rehabilitate the property.

Installation of bus service in the city of Alliance was one of the first moves of the new organization.

The new owners are preparing to revamp the power plant of the Stark Electric at Lake Park. A modern power plant will be installed at once.

## The Twill Frock

Almost Every Wardrobe Boasts a Simple Dress in Wool for the Autumn

Soft, new wools are smart for daytime wear. And almost every wardrobe boasts a simply cut frock of twill or tweed to be worn beneath the warm topcoat.

The cut includes newest modish details, decidedly complicated, and there is evident a simplicity which is charming. The flare, which is inevitable in even the severest dresses, is becoming in the woolen materials for street. Short skirts, which are decidedly the vogue, are accompanied by sleeves which are long and usually effectively trimmed on the lower part.

The bolero type of frock, which is decidedly new, is most successful in the twill frock. Its simplicity and dash are appealing to youth and are also most becoming.

The complicated cut is seen even in the simplest frocks. No longer is the tubular type of frock worn. In its place has come a frock which is so subtly cut as to suggest the curves of the body. Drapery appears again, frequently, to give the uneven hem line.

Twills are smart when used to fashion the tunic frock, where an inverted pleat is frequently used to break lines that are too straight for the season's mode.

Beige, which is always smart, is used in many of the new one piece frocks, either as a flat color or in harmony with some deeper shade.

Long, tight sleeves, a suggestion of a flare, and the up-in-front line, are all particularly smart in the twill or woolen fabric. They are lines which are easily adapted to heavy materials and are in accord with the feeling of mode.

Anna Q. Nilsson, who appears in the First National film, "The Splendid Road," wears a smart little daytime frock of beige twill that is very new and very chic.

## Second Tuberculin Tests Being Made

The second year tuberculin test has been completed on all cattle in Franklin, St. Clair, Liverpool, Yellow Creek, Fairfield, Unity and Center townships, as also on hogs.

A Knox township only where reaction were found in herds following the last test.

This test work is being done under the direction of Dr. Greening, who is maintaining his headquarters in Salem.

The test in West township has been finished under the direction of Dr. Myers, and he is now working in Hancock township.

It is now believed that the area test in this county will be finished within the next 60 days.

## Congressman Hurt In Auto Accident

Dayton, Nov. 16. — Miami Valley hospital attendants today reported condition of Congressman Roy T. Fitzgerald, who was struck by an automobile here Saturday night, as becoming more regular.

However, physicians say it will be several hours before they can determine his exact chances for recovery.

Fitzgerald sustained a fractured skull in the accident. The flow of blood from the ears has stopped but the attending doctors say that there has been sufficient blood drawn from the head to prevent pressure which would cause death.

## World War Veteran Praises Father John's Medicine

BELIEVES "IT CAN'T BE BEAT"

A veteran of the World war, Leo Des Jarlais, whose picture is shown, has very warm words of praise for Father John's Medicine. He says that he has used Father John's Medicine for his cough which has bothered him every winter for many years. In a recent letter, Mr. Des Jarlais wrote: "I still always keep a bottle of Father John's Medicine on hand because I take it to my children and take it myself. I think it can't be beat." (Signed) Leo Des Jarlais, Summit Lake, Wis. Its history of more than 70 years of success has proved that the soothing, healing effect of Father John's Medicine are the most effective treatment of colds and coughs. Father John's Medicine soothes and breaks the mucous lining of the breathing passages and at the same time gives strength with which to fight off colds. It is safe for all the family to take because it is guaranteed free from alcohol or dangerous drugs in any form.

## MALL BEGINNINGS SHOW BIG RESULTS

Many great enterprises begin in a small way. Many a successful advertiser has begun by using classified advertisements in a modest way. These brought good returns, which enabled the business to be developed and eventually large advertisements were profitably used. Intelligent use of the little ads in The Salem News either by advertiser or reader will prove to you.

## We're Giving You Something to be Thankful for—Besides What You Have Now!

This month, you are going to thank your stars that you are alive—and we are giving you the opportunity, through these stars, to make you look like a live one. ## SOCIETY

**Two Anniversaries**  
The home of Charles Bonsall was the center of a happy gathering Sunday when a number of his friends, including members of the Columbians County Protective League, assembled there to celebrate his 86th birthday anniversary.

Sharing honors with Mr. Bonsall was his granddaughter, Jane Courtney, this day marking her seventh birthday anniversary.

A basket dinner was enjoyed and the guests were entertained by Mrs. Florence Bonsall Hopkins, of Massillon, who gave readings, and her daughter, Rachel, who gave readings and music. Henry Older, 83, Civil war veteran, sang a song and told of his war experiences.

Mr. Bonsall, who is a justice of the peace here, is one of Salem's widely known residents, and exceptionally active for one of his advanced years.

**Miss Tolerton Hostess**  
Miss Florence Jane Tolerton extended delightful hospitality to a group of her college friends from Mt. Union when she entertained them to dinner Saturday evening at the Christian church. Covers were arranged for 10 guests. The girls were the guests of Miss Tolerton at the home of her parents, Mr. and Mrs. Charles Tolerton, Rose st., and the boys were entertained by Arthur Youngling at his home, Tenth st. All returned to Mt. Union on Sunday afternoon.

**Honor Mr. and Mrs. Wank**  
In honor of their son and his wife Mr. and Mrs. Orlan Wank, who were married recently, Mr. and Mrs. William Wank delightfully entertained a number of relatives and friends to supper Saturday evening at their home, Liberty st. Covers were arranged for 27 guests. An informal social time was enjoyed and the honorees were presented with a number of nice gifts.

**Twilight Club**  
An oyster supper was enjoyed at a meeting of the Twilight Club Saturday evening at the home of Mr. and Mrs. A. A. Stewart, at Canfield. Invited guests were Mr. and Mrs. Harry Gordon and Mr. and Mrs. Russell Huffman, of Greenford. In two weeks the members will meet with Mr. and Mrs. Albert Bonnell, Ellsworth rd.

**A Birthday Party**  
Mrs. L. P. Metzger was hostess at an enjoyable children's party Saturday afternoon at her home, McKinley ave. when she entertained 12 little folks to celebrate the sixth birthday anniversary of her daughter, Jane. The hostess served a prettily appointed supper. Jane was presented gifts.

## ADULTERATED FOOD VERDICT IS GIVEN

**Judge Orders Canned Food Destroyed; First Case Of Its Kind.**

Cleveland, Nov. 16.—Federal District Judge D. C. Westenhaver handed down a ruling today in the "cherry case," the first of its kind in the United States to receive a definite decision.

The case involved the government versus the Freedom Preserving Co. of New York who shipped 354 cases of canned cherries to the Summit whole sale Grocery Co. at Akron. The government charged violation of the food and drug act of congress in that the canned cherries, upon examination, were found to be spotted, wormy and generally decomposed, constituting adulteration.

Judge Westenhaver ordered the cherries destroyed.

The ruling embodied several fine points of law. He said the question of health impairment by the adulterated cherries was not at issue. He also said that it was not a question of care taken by the canner. He also stipulated that leniency was warranted because it is impossible to keep food one hundred percent pure.

## TWO PRISONERS FREED WITHOUT POSTING BONDS

Indianapolis, Nov. 16.—After an all night search, Sheriff Omer Hawkins returned to the county jail here this morning without having found any trace of Earl Klineck and Earl Gentry, acquitted at Noblesville Saturday of the murder of Madge Oberholzer for which D. C. Stephenson was convicted.

The two were released by mistake without having provided bond pending hearing on an indictment charging each with assault and battery on Miss Oberholzer and another count alleging arson as a result of a fire at Stephenson's former home in Indianapolis.

Each should have posted \$10,000 bond on the various charges facing them, Sheriff Hawkins said.

## PROSPERITY SEEN IN TRADE FIGURES

**Increase Of \$818,000,000 In Foreign Trade Reported By U. S.**

Washington, Nov. 16.—America's boom prosperity was emphasized today by the announcement from the Department of Commerce of figures showing that foreign trade had registered an increase of \$818,000,000 over the same period of last year.

Imports for the period were \$3,454,600,000, a gain of \$474,000,000 over 1924 and exports were \$3,955,100,000 an increase of \$344,000,000.

The favorable balance of trade for the ten months was \$540,511,000, as against \$671,000,000 last year, the decrease being due to heavier imports.

## Two Men Are Killed In Mountain Duel

Asheville, N. Y., Nov. 16.—Meager information on a mountain duel which was brought here early today told of the killing of two men, Dr. L. E. Burnett, of Mars Hill and Wallace Ray, of Shelton Laurel, as the result of a meeting in which the two men "shot it out" four miles west of Marshall late Saturday.

The battle is said to have been the result of a feud of long standing.

## Johnson Will Serve Term In Sing Sing

## WOMAN ENDS LIFE BY TAKING POISON

**Husband, In South, Rushes To Chicago To Aid In Investigation.**

Chicago, Nov. 16.—While the coroner's office was making an investigation today into the circumstances surrounding the supposed suicide early yesterday in the Plaza hotel here of Mrs. Florence Manly Carroll Hood, 28, of Birmingham, Ala., her husband, Walter M. Hood, was reported to be on the way here.

According to the message received at police headquarters, Hood, general counsel for the Alabama Power company in Birmingham, will arrive in time for the inquest.

Mrs. Hood died in Henrotin hospital after swallowing a quantity of fluid containing sodium cyanide, in her hotel room. The hotel register showed that she was there with John Cashin, connected with a local furniture company, under the signature "Mr. and Mrs. Walter Hood."

Cashin is held by the police. When Mr. Hood arrives he will be taken to talk to Cashin. Cashin admitted that he was not the real Mr. Hood after he was notified of Mrs. Hood's sudden death.

Cashin, a bachelor and wealthy, said he knew no reason why Mrs. Hood should have taken her life.

According to a story Cashin told the police he and Mrs. Hood had registered at the Plaza as man and wife "purely as a convenience." He said he had left her Saturday night to join friends in a party at another hotel. While he was there, he said, Mrs. Hood repeatedly telephoned him.

## SEARCH FOR OHIO GIRL, 15, MISSING FOR THREE DAYS

New York, Nov. 16.—Isabel Bennett, 15, formerly of Cleveland, said to be a cousin of the late Warren G. Harding, was today the object of an intensive police hunt. She disappeared from her home here at 2:30 p. m. last Friday.

The girl's disappearance was reported to police by her mother, Mrs. Marion Bennett, Mrs. Bennett wife of official of a New York City bank, was divorced from Isabel's father, John B. Bennett, said to be a first cousin of Mr. Harding, in Cleveland, Ohio, last June.

Isabel, the police were told, got a message Friday afternoon from a girl named Sarah Cohen, and went immediately to join her. At 6 o'clock that evening Isabel telephoned her mother and said she and Sarah were going to a picture show and that she would not be home for dinner. That was the last heard from her.

## Earth Tremor 1700 Miles Away Recorded

St. Louis, Mo., Nov. 16.—A severe earth tremor was recorded on the seismograph at St. Louis university here today. The quake began at 6:00:26, reaching the intensity of 6.07 and lasting until 6:58. The distance was estimated by Father James Macelwain at 1,700 miles from here. The direction could not be determined. It was explained, as the first group started on the hour mark.

Berkeley, Calif., Nov. 16.—Today's violent earthquake which was recorded on seismographs of the country probably centered southwest of Mexico City and off the Mexican coast.

The quake, a fairly severe one, was recorded on the seismograph of the University of California beginning at 4 a. m. and lasting two and one half hours. Dr. Perry Byerly, seismologist, estimated the distance at 1,900 miles and estimated the location off the Mexican coast from data furnished from other seismological stations over the country.

## Parliament Opens After Long Recess

London, Nov. 16.—Parliament re-assembled today after a three months recess, to take up the discussion of vital international affairs.

There was no formal opening ceremony, the first business being the questions submitted to members of the cabinet concerning developments in domestic and foreign affairs since the adjournment last July.

There were indications that the most difficult hurdle which the government faces is the house of commons is the problem of extension of the British mandate over Iraq.

enough other substitutes of proven merit to prevent any actual suffering.

**Miners Feel Pinch**  
Almost daily pressure has been exerted upon the White House for federal intervention to end the strike. But thus far President Coolidge has remained firm in his policy of keeping hands off, and as the third month drew to a close today there were no indications of any change in policy.

Some of this pressure has been practical, some of it personal, and some of it anonymously exerted by both operators and miners organizations. The miners are beginning to feel the pinch of three months' illness, according to confidential advisers reaching Washington, and the operators are beginning to fear for their markets, which are being weaned away to the use of bituminous and numerous substitutes. Also the stocks in storage are beginning to get low, the operators having cleaned out their reserve bins at advancing prices.

Both sides would welcome federal intervention, according to these reports, as a "face-saving" measure. They would welcome it in fact, to the extent that indirectly they have joined in the pressure upon the White House to act.

# Markets

**IRREGULAR MARKET**  
New York, Nov. 16.—The market was irregular at the opening today with slightly higher prices in the rails and oils and a lower range of prices in the motor and industrial stocks. Rails were the most active group.

New York Central opened at 112 1/2 up 1/2. Great Northern preferred up 1/2 at 75 1/2; Missouri Pacific common up 1/2 at 77 1/2; St. Paul up 1/2 at 87 1/2; Southern Pacific up 1/2 at 102 1/2; General Motors was down 1/2 at 134; American Can down 1 point at 25 1/2; American Smelting up 1/2 at 122 1/2; Baldwin up 1/2 at 129; United States Steel down 1/2 at 135 1/2; Standard Oil of New Jersey up 1/2 at 46; Pacific Oil up 1/2 at 60 1/2; New York Central down 1/2 at 129 1/2.

The motor and industrial stocks were under considerable selling pressure in the early trading today in a profit taking movement which spread in the first hour. To the railroad and oil stocks. There were a few outstanding strong spots in the railroad list, but most of the price gains where they occurred, were limited to a point or more, while the shrinkage in market values of the motor and specialties ranged from 2 to 5 points.

General Motors, Chrysler, General Electric and others of the high priced speculative leaders were pressed for sale on a declining market. Chrysler sold down to 207 for a new loss of 6 points; White Motors at 84 was down 2 1/2; Hudson and General Motors down 2 each; General Electric down 4 at 319; American Can down 1.

Standard Oil of New Jersey and a few of the well known independent oil stocks exhibited a strong tone and trading in this section of the market was quite heavy. Blocks of from 500 to 3000 shares of the oil stocks changed hands at slightly advancing prices in both the curb and listed markets. Directors of the Standard Oil company of New Jersey meet today, but no special developments in the line of dividends or split up of stocks has been looked for.

The reactionary tone in Baltimore & Ohio, New York Central and other of last week's leaders in the forward movement, was emphasized as stocks were pressed for sale in fair large volume; Baltimore & Ohio declined to 9 1/2, against Saturday's close at 9 3/4 and fractional declines were sustained by Chesapeake & Ohio; Missouri Pacific, etc. United States Steel lost a point of 135 1/2; call money 4 1/2 per cent.

**PITTSBURGH LIVESTOCK**  
Pittsburg, Nov. 16.—Cattle—Sup (1400) market active and higher choice \$10.25 to 11; prime \$9.50 to 10.25; good \$9.50 to 10; heavy \$8.50 to 9.25; fair \$6.50 to 8; common \$5.50 to 6.50; common to good fat bulls \$2.50 to 3.50; common to good fat cows \$1.50 to 2.50; heifers \$6 to 7; fresh cows and springers \$5 to 10. Mellott, Saegestown, Pa.; Mrs. Matt Krause, Cleveland; and Mrs. Louis Corli, Youngstown; fourteen grandchildren; and one great grandchild.

The funeral service for Mrs. Mellott will be held Thursday at an hour to be announced later.

**William E. Andre**  
Heart trouble is given as the cause of the death of William Edgar Andre, 63, of Winona, who died at 3 a. m. Sunday at his home after a short illness.

Mr. Andre was born in Hanover township and had spent his life in Hanover and Butler townships. He was a retired farmer and a member of Trinity Reformed church.  
Surviving are his widow, one son and four daughters; L. W. Andre, Phil adelphia; Mrs. Ernest Walton, Winona; Mrs. Lawrence Walton, Salem; Mrs. John Batzli of Hanover, and Miss Ethel Andre at home, and two brothers and one sister, Leonard and Oscar of Hanover township, and Mrs. Samuel McCrea of Lisbon.

The funeral will be at the home at 2 p. m. Tuesday, with burial in Grandview cemetery.

**Frank W. Painter**  
R. D. Painter of East Seventh st. received a telegram Saturday advising him of the death of his brother, Frank W. Painter, 40, of Brooklyn, N. Y. Tumor on the brain was the cause of his death.

Mr. Painter was born in Salem and lived here until he was 18 years of age. He was the son of Mr. and Mrs. William Painter, who survive him with his widow and one son, Lawson, and a sister, Mrs. Carroll Benjamin, all of Brooklyn.

Mr. Painter left Saturday for Brooklyn to attend the funeral which was held Sunday.

## Shoots Sweetheart When She Asks Him

Union City, N. J., Nov. 16.—Miss Minnie Schessler, 21, asked her sweetheart, Joseph Palmeri, 23, to kill her. He did. Then he shot and killed himself.

The two bodies were found in the girl's bedroom by her 16 year old sister, Margaret, when she returned home early today.

A note, signed by Palmeri, who was a police officer, said: "She asked me to do it—we love each other so. Forgive us."

## Society Peacemaker

Caste is the most important factor in society in British East Africa, and two governor-generals sent out from London have failed in an attempt to reconcile the interests of the several racial factions in the territory because of it. Britain expects Lady Gregg, wife of the new high commissioner for the district, to have more success in keeping society within peaceful bounds. She is a noted English beauty and a favorite in Mayfair.

## ENDEAVOR RALLY AT DAMASCUS IS WELL ATTENDED

Young Peoples Society Of  
Salem Friends Church  
Wins The Banner.

The Young Peoples society of the First Friends church won the banner for the largest percent of attendance at the Christian Endeavor rally at Damascus quarterly meeting held Sunday afternoon at the Yearly meeting house, Damascus, with several hundred people in attendance from the various churches.

Frank Williams, of Alliance, quarterly meeting president, presided, and the Alliance orchestra played. Miss Dobie, who is conducting special meetings at Beloit, sang a solo.

"Scarecrows" was the subject of a fine address given by Rev. Homer Cox, of Cleveland, pastor of the First Friends church there.

Some of the "scarecrows" mentioned by Rev. Mr. Cox were "Our own littleness," "Unfavorable circumstances," "Fear of failure," and "A misconception of the character of the Master."

The speaker stated that it is the devil's business to erect these "scarecrows" along the Christian highway and to make them as bad as possible.

"It is just as big a sin to think that you cannot do anything as it is to think too much of yourself," he said.

"The greatest failure in the world is the failure of not trying at all. You must either use your talent or lose it."

Rev. Mr. Cox pointed out that a "scarecrow" is a sign that there is something good around and advised his auditors to "use your scarecrow." The remedy he gave for getting rid of the "scarecrow" was to tarry until God's refining fire burned carnality out of the heart.

At the Saturday morning session of the Quarterly meeting, Rev. John Pennington, of Damascus, preached the sermon.

Reports from the various churches

were read at the business session in the afternoon. The Bible school of the Salem church has the largest enrollment and average attendance. It was shown in the report of the schools given by E. J. Goldy, this city, who is quarterly meeting superintendent.

## Mother! It's Cruel to "Physic" Your Child

DR. W. B. CALDWELL  
AT THE AGE OF 83

To Dr. W. B. Caldwell of Monticello, Ill., a practicing physician for 37 years, it seemed cruel that so many constipated infants and children had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he did not believe that a sickening "purge" or "physic" every day or two was necessary.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which regulates the bowels. A single dose will establish natural, healthy bowel movement for weeks at a time, even if the child was chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a

gentle, easy bowel movement but, best of all, it is often months before another dose is necessary. Besides, it is absolutely harmless, and so pleasant that even a cross, feverish, bilious sick child gladly takes it.

Buy a large 60-cent bottle at any store that sells medicine and just see for yourself.

## RED CROSS FINANCES SHOW WIDE SERVICES

Past Year Cost \$10,321,679.80  
Duty to Ex Service Men  
Paramount.

Washington.—The national and international services of the American Red Cross are portrayed graphically in a statement of the Red Cross finances for the past fiscal year ended June 30, 1925. Expenditures by the Red Cross (including both the National Organization and the Chapters) during this period aggregated \$10,321,679.80.

The obligation of the American Red Cross to the ex-service and service men is represented in this sum by a total expenditure of \$4,225,292.61. In the interests of disabled veterans, the Red Cross expended \$3,577,916.42, of which \$1,677,916.42 came from the National Organization, and \$1,900,000 from the more than 3,000 Chapters and local branches of the society.

Red Cross services to the men of the Regular Army and Navy the past year called for \$647,376.19, of which the National Organization furnished \$219,376.19, and the Chapters, \$337,000.

Sharing in importance with this responsibility was the Red Cross work of disaster relief during the year. In these operations there was absorbed a total of \$1,922,782.90 up to June 30, this year. This represented \$1,622,782.90 of National Organization funds and \$300,000 from the Chapters. Relief in foreign disasters amounted to \$285,679.35. This sum was appropriated altogether by the National Organization.

Insular and foreign operations of the American Red Cross during the year included relief in foreign disasters, the League of Red Cross Societies, Junior Red Cross Foreign Projects assistance to insular Chapters and similar functions. Besides its disaster relief, the National Organization financed these other branches of foreign work also, including \$110,238.72 for assistance to insular chapters, \$177,450 for the League of Red Cross Societies, \$84,334.43 for Junior projects abroad, and \$80,057.02 for other insular and foreign operations.

In addition to its paramount duty to assist veterans and other service men and their families, and its disaster relief, the Red Cross expended at home through its national and chapter funds, a total of \$1,029,616.05 for its Public Health Nursing Service; \$154,135.09 for nutrition instruction; \$214,422.76 for First Aid and Life Saving; \$445,707.34 for Junior Red Cross; \$122,759.88 for instruction in Home Hygiene and Care of the Sick; and carried on similarly important home duties. Included in the latter were such valuable services as the Enrolled Nurses' Reserve, for which the National Organization expended \$45,562.64; while other national operations at home amounted to \$392,957.61. The chapters, in addition to the large part they played in all Red Cross activity, spent \$678,000 of their own funds on general chapter services.

## Red Cross First Aid Popular in America As Accidents Gain

The rapidly mounting toll from traffic accidents has brought home to the public the necessity of being prepared to render prompt assistance while awaiting the doctor. During the past year 856 chapters of the American Red Cross were instructing classes in First Aid, and in the same period certificates were issued to 26,601 persons qualified by Red Cross experts.

Many cities throughout the United States are showing interest in securing first aid instruction for their police and fire department personnel, and through the work of local chapters, practical results have been obtained in such cities as Washington, D. C.; Toledo, O.; Boston, Mass.; South Bend and Indianapolis, Ind.; Port Arthur, Texas, and other communities. In co-operation with the State authorities, intensive training in first aid and rescue methods has been given to State police and constabulary members at four State training schools.

Instruction in these subjects in public and private schools, colleges and universities has increased during the year. Attention has been given to training teachers at institutes and summer schools.

The Red Cross first aid railroad car has been in continuous operation throughout the year. It covered 10,340 miles, visiting 137 cities, where 1,200 meetings were conducted by the surgeons, with a total of 146,827 people.

Industries particularly have availed themselves of the instruction afforded by the Red Cross. The Western Electric Company, for example, reports a reduction of the accident rate per 1,000 employees.

## TOWNSHIP FARM BUREAUS ARRANGE ANNUAL MEETINGS

The annual meeting of Franklin Township Farm Bureau will be held at the Millport school house Tuesday evening and in conjunction with this meeting the Farm Bureau will hold its annual corn and potato show.

The annual meeting of the Elkhart Township Farm Bureau will be held at the Elkhart Grange hall Wednesday night, and the annual meeting of the Fairfield Township Farm Bureau has been scheduled for Friday night. This meeting will be held at the Centralized school.

County Agent Floyd Lower and Service Manager Phil E. Helm will attend all of these gatherings.

People residing in Hanover township as well as those in East township, Carroll county, have been asked

to attend the Franklin township meeting.

The Smith-Hughes agricultural teacher of Minerva High school will judge the exhibits at the Millport school meeting. Miss Elizabeth Ritt of Minerva High will act as judge for the pig and cake exhibit.

At all of these meetings, officers will be elected for 1926, which will also include the election of a township purchasing agent.

The annual meeting of the West Township Farm Bureau was held in the East Rochester school last Friday evening at which time a report of the livestock shipping was given by Earl Hahn, local shipping agent for that district. Mr. Hahn reported the shipment of 239 head of cattle, hog and calves, had been shipped from East Rochester. This shipping reached at the market 61,408 pounds and valued at \$10,996.61. There were 153 individual shipments made in this record.

F. Whitcomb, local purchasing agent for the West Township Bureau reported the purchasing of nine cars of fertilizer, representing 150 tons, and all distributed from the East Rochester station. Mr. Whitcomb

also reported the sale of 15 cars of limestone this fall.

The feed pool at East Rochester did not begin business until last July but up to the time the report had been compiled, 52 tons of Farm Bureau dairy feed had been sold, a record having been received every month since July. Through this pool three tons of sugar were distributed

also clover seed valued at \$496. Officers elected by the West Township Bureau are: President, G. Davis; vice president, C. W. Helm; secretary-treasurer, Fred Pitt; purchasing agent, T. E. Whitacre.

## The Farmer's Idle Money

Idleness has no place in the life of the busy farmer. His working hours are from early in the morning till late at night and the secret of his success is in keeping everything working.

The industrious farmer should watch his idle money and keep it working the same as other things.

For money that the farmer doesn't expect to use soon we would suggest a Certificate of Deposit as an excellent way of putting it to work.

### ABOUT TOWN

#### False Fire Alarm

A passerby on his way home called the fire department at 1:30 a. m. Monday when he noticed smoke issuing from a shanty at the mixing plant of the Kelley-Meyer Co., street resurfacers and builders, on New-garden st. near the Pennsylvania tracks. Firemen found a fire going in a stove used to heat the shanty and believe the person who called failed to see that the smoke was coming from a chimney.

#### City Hospital Notes

Mrs. Mary Allen of Diamond has been admitted to the Salem City hospital for surgical treatment. Two Salem patients have been discharged. John Pastier, who is recovering from a fractured leg, and Gordon Scullion, who was in for surgical treatment.

#### County Cabinet Meeting

The county cabinet of the Appworth League will have a special session at 7:30 tonight in the Methodist church at Columbiana. It is for the purpose of deciding on county wide work to be taken up at Thanksgiving time.

#### Supper Well Patronized

The chicken and waffle supper given by the Unstead class of the Christian church Saturday evening at the church was well patronized. About 200 people were served.

#### Circle 6 To Meet

Members of Circle 6 of the Methodist church will meet Wednesday afternoon at the home of Mrs. Kepner, Broadway.

#### Bakery Nov. 25

The Loyal Women's class of the Christian church will hold a bakery on Wednesday, Nov. 25.

#### In Police Court

Jess Callahan was arrested Saturday by Patrolmen W. L. Kirkbide and Jesse Gray on a charge of forgery, preferred against him by Mary A. W. oward.

The affidavit states that on July 6 Callahan entered into a promise to pay a certain sum of money, giving a promissory note. The plaintiff charges the note Callahan gave was a forgery and there are many details enumerated.

Callahan is in city jail waiting a hearing before Mayor George E. Russell.

#### High School Notes

Students of the Salem High school had the pleasure of hearing the Salem Football orchestra at assembly Friday. This orchestra is led by Max Caplan and Paul Howell.

Several yells were given in the assembly and the new song, "Touch down" to the tune of "Collegiate," was sung.

B. L. Flick of the Farmers National bank, Max Fisher and Henry Yangi gave speeches.

Announcements were made concerning the souvenir score cards and snake dance Friday evening.

## CRYSTAL BLOCK COAL

### FUEL THAT GOES FARTHER

Seven tons of our best coal will heat the average two-story house all winter in place of nine or ten tons of ordinary fuel. Some folks call it the "lazy man's fuel" because you only have to fire your furnace once in the morning and once in the evening—and clean out the ash pit once a week. Use this coal and you'll have a warm house all the time—but no soot nor clinkers—and the wife will never need to touch the furnace.

## SALEM BACKFIELD MORE AGGRESSIVE

Line Tosses Back Heavier Akron Forwards; Salem's Punting Improves.

Captain Red Cosgrove and his band of Red and Black warriors obtained sweet revenge for last year's stinging defeat when, at twenty nine Saturday afternoon, beneath fair skies for a change, they trampled the Red and Black team of Akron West in the mud and came out of the battle with a 12 to 6 victory.

"Salem will shine tonight" the fans sang as they swung into a snake dance after the unexpected win. Salem was doped to lose; to escape with perhaps a light defeat. But the dope bucket was laughed at by the fighting Red eleven and when the smoke cleared away Old Man Dope, and the Akron West team lay side by side in defeat.

The assault on the West front began a few moments after Referee Barrett's whistle started things going. After a play of two, Coffee tossed a pass to End Jenkins, a lad who has risen from the ranks to the hall of fame, and Jenk, with his long legs, steamed away on a 40 yard run which brought Salem an opportunity this time was made use of and Coffee sneaked through right guard and center for the second touchdown. Coffee tried a pass for the extra point, the ball going wide.

In this manner the half would have continued had the West been sufficient. It was Salem's half, and it was a wild one, enough to satisfy the most blood-thirsty Salem fan. Akron fought back.

Somewhat recovered from its surprise, Akron came back with more life in the third period and started a fight for points that Salem was lucky to stop after one score was made. Both teams played on fairly even terms in that third period, but West was plainly coming to the fore.

In the fourth period, with Salem on its way to a possible score, Center Witten jumped far in the air and brought down one of Coffee's passes, the snapper-back running 62 yards before being brought down by Coffee, and other Salem players who followed. From this position Goldman threw a pass to Harter who scored easily, getting lots of help from his teammates. Goldman's drop kick for the point was low.

Clarence Sidingar, who replaced Grege, attempted a dropkick from the 25-yard line in the fourth period but the ball went high into a West player's arms.

The statistics of the game are these: West gained six first downs and Salem five; Coffee of Salem passed successfully four out of eight times for a total gain of 61 yards; Goldman of West tried 21 passes, making eight good for but 66 yards.

West plays a deceptive game, end runs and passes, with trick covered passes back of the line, constitute the bulk of the Akron offense. Occasional, a crash through center is called and Myers Saturday delivered nearly every time. West's famous "crazy-smith" formation was easily solved by the Salem team.

**Salem Backfield Active**  
The Salem team showed more rounded power in the backfield than in any other game this season. All the backs seemed to be able to gain, and Coffee did not have to carry the ball all the time. He had his hands full with calling signals, passing, carrying the ball and doing most of the kicking. The line had lots of power and tossed the heavier Akron forwards in a manner that bewildered the latter.

Fans enjoyed the Salem punting immensely. In 10 punts Coffee averaged 35 and a fraction yards. Clarence Sidingar in the last half punted three times for an average of 50 yards. Two of Coffee's punts were partially blocked.

Least some fans claim West started its second team, listen to the fact that the West second backfield started but it was soon taken out in favor of the regulars. Five of the seven line men starting were regulars, and the two subs soon gave way to their superiors. And the entire first team could not win. Captain Buntin, who played end past year, and is quarrelsome this year, was on the sidelines with injuries but Goldman did well for an understudy.

The lineup and summary follow:

## FRIEDMAN HOGS GLORY But Here's Second Choice Candidate

VICTOR SALMI

Ordinarily the task of selecting members of all-sectional or all-American teams is an open one, leaving much room for debate. There seems to be no dispute regarding Benny Friedman's selection as All-American quarter, any other year, however, Vic Salmi of Indiana, would be a candidate. He's a southpaw pass hurler.

Yaggi, Older for Alexander, Alexander for Sheen, C. Sidingar for Grege, Harsh for E. Sidingar; Akron West—Kaufman for Delaney, Neff for Long, Witten for Foster, Amshel for Faller, Talcott for Harter, Noel for Murman, Longstreth for Shaffer, Myers for Knyedall.

Referee—Barrett, Sebring; umpire—Shaffer, Akron; head linesman—Weir, Mt. Union. Time of periods—12 min.

## LISBON DEFEATED BY LEETONIA 7-0

Lisbon, Nov. 16.—The fast Leetonia high school eleven displayed too much strength for the local lads Saturday, gaining a 7-0 decision over Lisbon High.

The battle was fast and interesting from the opening whistle, with the visitor's edge being slight but enough to annex the victory.

The only tally of the encounter came in the third quarter when Nicollett went over after a series of line bucks. The evenly matched aggregations drew rounds of applause from the audience for their splendid work, both lines showing great resistance when in danger of a score.

**Alliance Basketball Team Seeking Games**  
The United Presbyterian Yellow-jackets, a snappy basketball outfit in Alliance, challenges and class AA or A teams in or near Salem. Webster Maple, the manager, writes as follows:

"We have a team composed of former high school and Mt. Union stars, who were city champions in 1923 and 1924 and who for this season have defeated the Quaker Motors of Damascus. This team has been organized for the last four years.

"For games write Webster Maple, 525 West State st. Alliance."

**Notre Dame Scorer Leads In Mid-West**  
Chicago, Nov. 16.—Chris Flannigan, Notre Dame new backfield star, passed Kutch of Iowa, for scoring honors in the west Saturday by registering once against Carnegie Tech.

Flannigan ran his total to 51 points, one hit better than that of Kutch, who was not scored in the last month.

Kutch continued to lead Big Ten Conference scorers. Almqvist of Minnesota, running wild against Iowa Saturday, moved in to second place in the conference and third place among Mid-West players with 44 points.

**Referee Suspended For Wrong Decision**  
New York, Nov. 16.—Another step has been taken toward the elimination of unsatisfactory boxing decisions in New York. It was learned today that it was the indefinite suspension of Andy Griffin, veteran referee, and Al Commonwealth, license judge, for their action in awarding the decision to Charlie Rosen over Lucien Vinez, European lightweight champion, several nights ago.

Ringside opinion was almost unanimous in declaring that Vinez had won the bout easily.

## SCHAFFER-LISBON GAME SCORELESS

Teams Play In Rain, Unable To Gain; Play Here On Thanksgiving Day.

In a pouring rain the Salem Schaffer Billiards and the Lisbon United Cigars played to a scoreless tie on Harbaugh field, Lisbon, Sunday.

Weather conditions on what was formerly a stubble-field made good football impossible and both back fields failed to make any appreciable gains.

Salem's eleven, last year's county pro champs, was somewhat over confident and expected to win handily. The two teams will meet in Salem at Reilly field Thanksgiving Day in what will be the season's biggest game here, and the question of this year's championship, undecided in Sunday's game, will be decided on the Salem field.

Despite the weather a good crowd saw the game many fans from Salem being on hand.

Buck Weaver, end, and Chris Zelle, guard, who are out with injuries, did not take part in yesterday's game.

## SALINEVILLE ROAD NEARS COMPLETION

Less than 800 feet of 16-foot road-way remain to be poured on the Yellow Creek section of the Wellsville-Salineville road and it was announced by County Surveyor Lloyd C. Kirk today, and unless weather interferes with the progress of the work, the small gap should be closed by Tuesday night.

Should this plan of the contractors work out, the road will be opened to through traffic within three weeks, it is said, but allowing about 21 days for the lately poured section to settle.

Rain delayed the pouring of concrete several days last week, otherwise the surfacing of the road would have been finished.

The half mile of this road in Salineville corporation will not be surfaced with concrete until next spring, it has been announced by the county commissioners. At this time, however, this strip of road is being cinched, which will eliminate the series of holes in this road.

## Odd Fellows Past Grands Will Meet

A meeting of the Past Grands association of Odd Fellows of District No. 28, southern district of Columbiana county, will be held in the rooms of Pennova lodge, East End, East Liverpool, next Thursday night.

The district is composed of Odd Fellows in East End, East Liverpool, East Liverpool, Salineville, Wellsville and Lisbon.

Officers of the association are: President, J. D. Caldwell, Lisbon; vice president, Ora Franks, East Liverpool; secretary-treasurer, John C. Hassler, East Liverpool.

The Ninth District Rebekah Assembly meeting will be held in the rooms of Salem lodge of Rebekahs the evening of Dec. 9.

## High Blood Pressure Often Brought On by an Unhealthy Liver

Diseases of heart, kidneys, blood vessels due to body poisons

Medical science knows that poisonous waste in our bodies would actually cause death in a few days if not eliminated by Nature's processes. Because it destroys these deadly poisons, the liver is our most important organ—the body's wonderful purifier.

The liver prevents the formation of body poisons that cause diseases of the heart, kidneys, blood vessels and are chiefly responsible for premature old age.

When the liver becomes weak, the poisons are sucked up by the blood and health is broken down. Physicians know that the liver cannot be regulated by drugs, but a safe Nature substance has been discovered which will at once increase the vital life supply. The discovery is purified ox gall.

Get from your drug list a package of Dioxol. Each tablet contains ten drops of purified ox gall. In 24 hours the poison toxins will be removed. Your liver will be regulated. Blood purification will begin. Sallow skin will clear. You will feel so much better you will know you have found the cause of your ill health.

Dioxol tablets are harmless, tasteless and cost less than two cents each.

These genuine ox gall tablets are prepared only under the name "Dioxol." If any tablet is offered you under another name, refuse it. Accept only Dioxol in the original genuine package. Test Dioxol free. Mail this coupon now.

## Indoor Games

Two indoor baseball games are carded for Monday night at the Memorial building, one of which, the Mullins-Silvers affair, will be one of the season's best. The Lyle and Electric Puraceo nines will fight it in the other games of the evening which ought to be a nip and tuck battle also.

## NEURITIS, PAIN, RHEUMATISM

"Heet" Relieves Instantly

With applicator attached to cork, just brush "Heet" over the pain area, whether in arms, elbows, shoulders, feet, knees, legs, back, neck or body. Instantly, you feel this harmless, glorious, penetrating heat draw the pain, soreness and stiffness right out of the aching or swollen joint, muscle or nerve. Besides, "Heet" scatters the congestion and establishes a cure.

"Heet" contains two soothing, penetrating ingredients, too expensive to use in ordinary liniments or analgesics. "Heet" is a clean, pleasant liquid, doesn't stain, blister or irritate the skin and costs only 60 cents at any drug store.

## CAUFIELD FRAMED IN BOXING FINALS

Promoter In Another City Blamed For Double-crossing Him.

After several days of investigation, Charles Caufield, promoter of the Armistice day boxing show in this city, has revealed how he and Salem boxing fans were double-crossed in the final bout that night.

Jimmy Katz of Toledo was scheduled to mix it with Jimmy Zill of Youngstown, but at the last moment Coach Mack of Canton was substituted for the Toledo boy, and a set-up for Zill resulted. Mack fell on his stomach and permitted himself to be counted out just after the start of the second round.

Caufield had agreed to pay the expenses of the Toledo fighter to and from Salem in addition to a guarantee for the fight. He now discovers that Mack was substituted by a well known promoter in another city in the hope that he would collect the Toledo expenses for the set-up. Caufield says he will have nothing more to do with this promoter or any of the boxers from his stable.

## DARTMOUTH STAR LEADS TRYON IN SCORING POINTS

New York, Nov. 16.—As a result of scoring three touchdowns against Chicago, Lane of Dartmouth, went out to a five-point lead over Tryon of Colgate, in the race for individual scoring honors among the eastern colleges.

Lane, today was credited with 18 touchdowns for a total of 103 points, although some statisticians gave him credit for 19. Tryon's total was 103 points, the result of 14 touchdowns and 19 points after touchdowns.

Other eastern leaders include: Borelli, Muhlenberg, 84; Oberlander, Dartmouth 72; Graham, Fordham 71; Woerner, Fordham 67; Carr, Syracuse 67; Tully, Dartmouth 67; Brant, N. Y. U., 60; Kirkleski, Lafayette 54; Mohardt, Amherst 54; Manning, Fordham 54; Wallis, Holy Cross 54.

### HE'S A PRINCE

The mystery of the paper bag which Raymond Griffith carries to and from Paramount's West Coast studio has at last been solved.

It is his makeup box. No shiny leather case, neatly packed with cosmetics for this stocky little cyclone of mirth.

He steps briskly, debonairly on to the set and places the paper bag carefully on a chair. On several occasions it has almost been thrown away.

The annual makeup box had been used by Griffith since the old Keystone comedy days. Whether it is superstition or not, Griffith does not say. Even his director, Edward Sutherland, has not learned the reason.

But the next time you see the famous comedian striding along with a paper bag, remember, it is not his lunch that he is carrying to work.

Griffith comes to the State theater tonight for a two days' run in his first Paramount starring comedy, "He's a Prince." Imagine Ray in the role of a young European prince whose every minute is taken up laying corner stones, reviewing parades, christening ships and judging baby contests—always "on dress parade."

Mary Brian is featured opposite the star. Tyrone Power, Edgar Norton, Lincoln Plummer, Gustav Von Seyffertitz and Jacqueline Gadsen are prominent in the strong supporting cast.

Did you see "Paths to Paradise?" When you see Ray in this one, you will agree "He's a Prince!"

### PLAYERS MUST THINK

Screen expressions are totally lacking in effectiveness unless a player thinks forcefully at the instant and concentrates on an unseen audience.

This assertion is made by Pola Negri, who claims that it marks a basic difference between stage acting and screen acting.

"Many famous stage actors and actresses discover that their expressions and gestures are ludicrous on the screen, in the first few trials," she said. "This is because they have depended largely upon their voices rather than their expressions on the legitimate stage."

"The slightest facial movement is magnified twenty-fold on the screen. This must be born in mind. One must get the right touch of restraint down to perfection to avoid awkward pantomime and grimaces."

"When you see a face on the screen that has a vacant, mechanical expression, you will know the possessor was not thinking deeply or feeling his or her part at the moment. Thinking has everything to do with expression, and a hundred times more."

so on the screen than on the stage, because the screen player is deprived of the personality of voice."

Miss Negri's latest starring picture, "A Woman of the World" provides a splendid opportunity for studying her expressions as exemplifying the personality of thought. It was directed by Malcolm St. Clair and adapted by Pierre Collings from a novel by Carl Van Vechten.

Featured in the cast are Charles Emmet Mack, Holmes Herbert, Blanche McWhaffer and Chester Conklin.

## COLUMBIANA

In honor of the marriage of Miss Mabel Richardson to Ralph Crook, which was an event of Saturday, Mrs. Clyde Richardson entertained at a sliver shower recently at her home on South Main st. The following guests were present: Misses Mary and Adda Heinman of Chester, W. Va.; Nellie Brungard, North Lima; Mary Hyland of Kent normal school; Leah Brain, New Waterford and Betty Richardson, Mary Shiley, Thelma Hyland and Merle Richardson of Columbiana. The home was tastefully decorated and a delicious lunch was served. Miss Richardson was the recipient of a number of beautiful and useful gifts.

A. L. Katz who has been acting as manager of the Columbiana Ledger for the past several months, has been transferred to the Warren (Ark.) plant of the Jolly Publishing Co. and left Saturday. Frank Jolly, a brother of the late J. C. Jolly, is now the publisher of the Columbiana paper, which will be under the active management of Glenn Kellar of Mattoon, Ill.

Columbiana High school football team won its third consecutive game Friday afternoon on the home field, defeating Salineville High 8 to 0. "Butch" Stevens made the touchdown and the other two points were added by a safety of one of the visiting players. Next Friday the local boys play at Lisbon.

Miss Elsie Deemer is assisting in the care of S. G. Chamberlain, whose illness of several weeks duration has

left him in a very precarious condition.

Mr. and Mrs. Ira Tullis visited with friends in East Liverpool, Saturday.

Miss Helen Simpson is spending several days with Mr. and Mrs. Delmar Hoover, near Unity.

C. M. Guy and son of East Palestine, were Columbiana business visitors Friday.

Mrs. Mary Tullis, Mrs. Ralph Irons, Mrs. Azzi McLaughlin and Miss McLaughlin were Youngstown visitors Friday afternoon.

Mr. and Mrs. L. F. Hewett of Bellevue, Pa., called on Columbiana friends Friday afternoon.

Mrs. G. M. Cotton of New Waterford was in Columbiana on business Friday.

Mrs. Beck of East Palestine, is visiting at the Wilson Miller home north of Columbiana.

Miss Grace Early is spending a few days with friends in Salineville.

Mrs. Frank Grove, Mrs. P. H. Felt, Mr. E. T. Coyle and Miss Elizabeth Fickling were Salem visitors Wednesday afternoon.

FEDERAL COURTS GET BOOZE CASES

Political Influences Hinder Justice In Municipal Courts, Is Claim.

Columbus, Nov. 16.—Political influence which has found its way into many municipal and insolvent courts through the state is forcing prohibition cases into federal courts in large numbers. The state prohibition department has been checking liquor records of a number of courts to determine the percentages of convictions. This survey showed an "alarming tendency" on the part of many courts to minimize this violation of the law as is evidenced in the comparatively small number of convictions and the light fines or imprisonment doled out where convictions are obtained.

It is much harder to bring political influence to bear in federal cases where judges are appointed for life, one prohibition official said. Other judges depend on direct votes to retain them in office and can be more easily influenced by political pull. This statement, the department said, was not intended to cast reflection on all state courts as many judges are extremely diligent in prohibition matters.

Chattel Mortgages Cancelled Rapidly

Lisbon, Nov. 16.—"Chattel mortgages are being cancelled rapidly," announced County Recorder Paul Smith today. "We need the room, and we have over 10,000 old chattel mortgages now on file that should be cancelled and allow us room for new instruments."

Milady Wears Plain Homespun

The modern maid wears a frock of plain homespun—but oh, how different from those of Colonial times! It is called a "sports" frock and it comes almost to the knee. The model shown has mosquito sleeves, square neckline, pleated skirt, and an occasional button for trimming.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets. The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

BEFORE YOU CRITICIZE— INVESTIGATE!

IN a certain city is a brick pavement which is the butt of continuous criticism—its rough and traffic-worn surface the bane of the neighborhood.

And yet that particular pavement, so bitterly criticized, is 34 years old. Planned and built for light traffic, it has for the last decade carried ponderously laden motor trucks. It has seen three successive pavements of another material wrecked and replaced on a neighboring light-traffic street.

To date that veteran pavement hasn't had a dollar of repair work put on it and the pavement can at any time be relaid with upwards of 90% salvage of the original brick.

The next time you drive over a brick pavement that isn't as smooth as a billiard table, find out before you criticize, whether it is 20, or 25, or 30, or 35 years old.

Before you criticize, investigate.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist, Creomulsion Company, Atlanta, Ga. (adv.)

LEETONIA

The Women's Missionary society of St. Paul's Lutheran church, was entertained by Mrs. Lester Redfoot, at her home, East Columbia st., on Friday afternoon. In the absence of the president, Miss Sue Bixler and vice president, Mrs. William Penstermaker, both being ill, the business session was in charge of Mrs. Ira F. Mellinger. The meeting was opened by a song, the Lord's prayer was repeated in unison. The roll was called and the minutes of the October meeting were read.

# Debutante and Wedding Gowns Have Quaint Lines

Wide skirts and tight bodices give that quaint, old-fashioned look to debutante and wedding gowns. The wedding gown (left) is antique ivory in tone with lovely Alencon lace trimming. Orange blossoms are tied in knots down the front and the filmy tulle veil is fastened to the head with the same flowers. Citron colored velvet fashions the bodice of the debutante frock (right). The voluminous skirt is of tulle in different shades of citron. A chic little hat in the newest mode is in the center.

**Potato and Pea Salad**—One cup boiled, diced potatoes, one-half cup peas. Mix with French dressing and serve on lettuce leaves or on a little bed of finely shredded cabbage.

**Gingerbread**—One-half cup sugar, one-half cup shortening, one cup molasses, two teaspoons soda, three cups flour, one egg, one cup boiling water, one teaspoon cinnamon, one teaspoon ginger, one teaspoon cloves. Bake in moderate oven.

**Brown Betty**—Line buttered baking dish with bread crumbs. Put apples, prepared as for sauce, in center. Sprinkle with nutmeg. Bake in oven until apples are soft.

**Creamy Sauce**—One-half cup butter, one-half cup powdered sugar, one-fourth cup cream. When beaten together stir in double boiler until melted. Do not boil.

**SUGGESTIONS**  
One of the things not generally known in this country is the Persian method of cleaning black silk. The method is very simple and the results infinitely superior to that achieved in any other manner. The silk must be brushed thoroughly and wiped with a cloth, then laid flat on a board or table and well sponged with hot coffee thoroughly strained free from sediment. Sponge on the side intended to show and allow to become partially dry and then iron on the wrong side. The coffee removes every particle of grease and restores the brilliancy of silk without impairing it. The shiny appearance resulting from the use of any other liquid. The silk really appears thickened by the process, and this good effect is permanent. Experiment on a small piece and you never again will use any other method.

One tablespoon of olive oil will greatly improve the flavor of a bottle of olives if it is added after the brine has been poured off, and the bottles recorked and shaken well.

### NATION'S POTATO CROP IS SMALLER

Phil E. Helm, service manager for the Columbiana County Farm Bureau, has just been advised that the potato crop in the United States at this time has been estimated by the United States of Agriculture at 346 million bushels against 455 million bushels for 1924.

The apple crop for 1925 to Mr. Helm's advice, is placed at 31 million barrels this year as against 28 million barrels for 1924.

## LATEST IN STYLE FOR WOMEN

Paris, Nov. 16.—Evening wraps and coats were certainly never more beautiful. Gorgeous velvets, embroidered lames and exquisite furs are pointing hands to make them creations almost beyond the everyday imagination and night affairs of the French capital will look like little bits of fairyland next winter.

Francis is now showing a charming new evening cloak in golden brown velvet with huge side applications of golden lame and conventionalized roses in all the rose nuances. The big shawl collar and cuffs are of hare dyed a pinkish beige color. A new movement places the fullness at the back of the garment. Still another in a lovely shade of brown velvet has a sort of short cape of gold lame lace which also appears in the short very full-fronted skirt portion.

The body of the coat is also embroidered in the beads and there are deep flaring cuffs and collar of white fox at the neck and down the front and on the sleeves. Another in gold lame brocade shot through with bright splashes of vermilion has wide cuffs and a hem band of sable. There is no fur about the neck, only a narrow scarf-collar of the lame.

### Corn Borer Queries Answered By College

To answer questions Ohio farmers are asking about the European corn borer, the agricultural college extension service at the Ohio State University announces publication of a four-page leaflet entitled, "The European Corn Borer in Ohio." It comes as the November issue of Crop Talk, and is free to all who write in for it.

University announces publication of a four-page leaflet entitled, "The European Corn Borer in Ohio." It comes as the November issue of Crop Talk, and is free to all who write in for it.

T. H. Parks, extension entomologist at the state university, is the author of the leaflet. In answer to question, "Can the European Corn Borer Be Controlled?" Mr. Parks writes:

"No one can definitely answer this question at present. We believe that it will be controlled in time, but some severe losses may occur before this is accomplished."

"It is safe to say that the insect will not be exterminated. It is too well established for that."

"Spread will probably continue, and it will be only a matter of time until the entire corn belt is infested. The pest is a very great potential menace. It calls for cooperative effort for control."

After briefly reciting the life history of the corn borer in Ohio Mr. Parks tells just how it works in corn and what damage it has done so far in Ohio, its liking for sweet corn and for other crops, how it can be found in a field, and how it can be identified.

### Baking Booklet Is Useful

Some kind of bread is served on the average American table three times a day. The quality of that bread is an important matter. The food value depends on the materials which go into it, whether it is made at home or in the bakery. The Baking Booklet has been planned primarily as a guide in home baking, but through its discussion of materials it offers help also in the choice of commercial baked products.

This invaluable offering is a free government publication, and our Washington Information Bureau will secure a copy for any reader who fills out and mails the coupon below, enclosing two cents in stamps for return postage. Write your name and address.

## C. J. HALVERSTADT RE-ELECTED HEAD OF FARM BUREAUS

Meeting Of Ninth District Leaders Held Saturday In Lisbon.

Lisbon, Nov. 16.—Clark J. Halverstadt of the Columbiana County Farm Bureau, was re-elected director of this district at a meeting of the Ninth Farm Bureau district, which was held in the Farm Bureau office Saturday. His term is for three years.

At the morning session for men, which was presided over by Mr. Halverstadt, reports were presented by C. D. Bair, president of the Stark County Farm Bureau, and Mr. Schweizer, president of the Portage County Farm Bureau gave a report of the work being done by the Farm Bureau in that county.

In the absence of President John M. Kerr, Columbiana County Agent Floyd Lower gave a report of the work of the Farm Bureau in this county.

Miss Joyce Syler, home demonstration agent of Mahoning county, presided at the meeting for women and led the discussion, while Mrs. Leroy Frederick of Columbiana county and Mrs. Maggie Taylor of Mahoning county spoke in "What the extension program has meant to our community," also "A Woman's Project."

The afternoon session was a joint gathering of both sections, and at this time addresses were made by Marion Fultz, service manager for Stark county, and Phil E. Helm of the Columbiana County Farm Bureau. Mr. Helm presented a report on the commercial work being done by the Farm Bureau in this county, while Mr. Fultz referred to similar activity in Stark county.
